Income represents 1/5th of seller's total interest. The monthly net revenue conveyed averages \$600.17 based on the first two months of production. It should be expected that when new wells are first completed and put online, there is an initial increase in oil production rate observed that will subsequently decline. The listed income is a historical monthly average from operator statements and is not a future prediction. In making a bid or offer, Buyer has or will rely solely on Buyer's independent examination of the properties offered for sale, taking into consideration variables such as the type and age of wells, their location, their future decline, etc. MCEE does not predict or warrant future income to be derived from the properties offered for sale.
